

Compaq Presario V6200 notebook PC

Accessories and features

Compaq recommends Windows Vista™ Home Premium

HP xb3000 notebook expansion base
Enjoy the comfort of a desktop experience with the convenience of a notebook.

HP Notebook QuickDock

Stay connected to everything—power, peripherals, entertainment and Network—with a single cable*. Say hi to a cleaner and neater work area with the HP QuickDock that works right out of the box.

*When using a notebook that requires the Expansion Accessory adapter, the monitor must be connected directly to the notebook's VGA port.

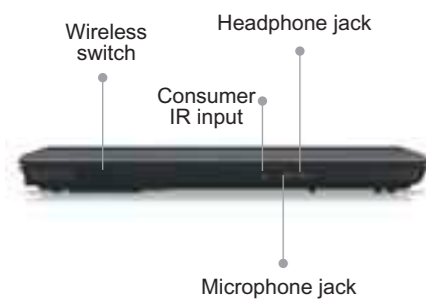

HP 6-cell battery

Extra battery provides the ability to improve your productivity on the go.

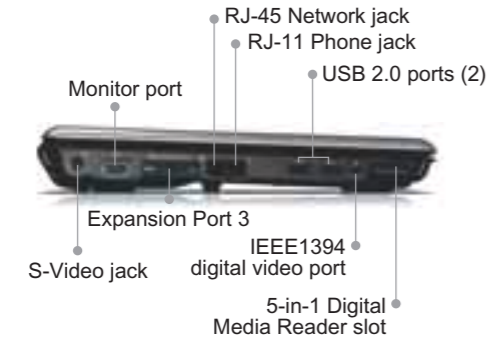

HP 12-cell battery

Take your productivity further with the extended battery life even on the road.

Compaq Presario V6200 (AMD) notebook PC

COMPAQ

Beauty . Power . Innovation
Have it all

A source of inspiration

Compaq recommends Windows Vista™ Home Premium

NEW with
Windows
Vista™!

Carry this beauty with you wherever you go. Experience greater enjoyment and achievement with its enhanced features and power. Discover the joy of working on the Compaq Presario V6200 notebook PC with its new sleek design and tough casing. Built with performance and convenience in mind, your daily work and play can now go faster and uninterrupted. Whichever angle you look at it, you will find it laced with capabilities to fulfill all your computing and multimedia needs.

A new kind of enjoyment

The power within

Work and play will never be the same again with AMD Turion™ 64 x2 Mobile Technology and Mobile AMD Sempron™ processors. Gain greater agility, responsiveness and protection against viruses so you can work faster and play harder. With the extra power from AMD PowerNow! Technology, your battery life is now stretched further to give you greater convenience and mobility.

Next generation design

Fuse your life with beauty. The phenomenon behind the aesthetics is in the all-new HP imprint finish through advanced in-mold technology. It has a high-gloss coating with a unique in-laid motif and a scratch-resistant finish, toughness is ensured. What you have is an exquisite design and the look of the future!

Convenience redefined

Go latch-free

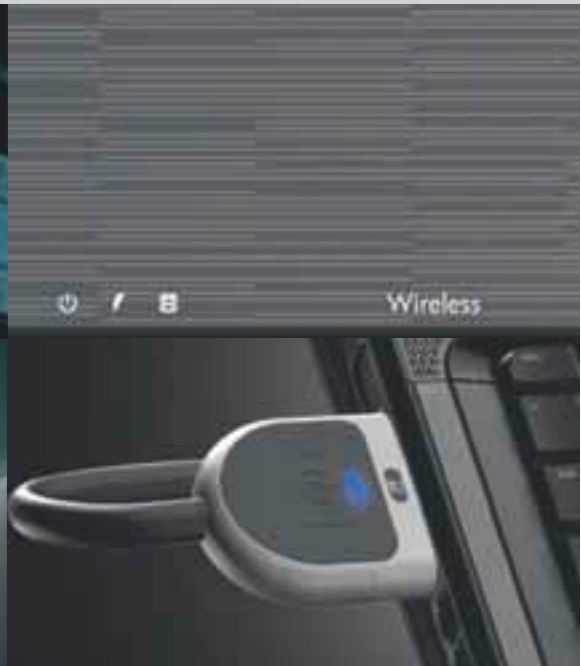

Simply lift open your cover to work and do away with the usual hassle because it has gone latch-free!

Instant play

Watching your favourite DVD movies is just a button away with the One Touch Compaq DVDPlay function. With the backlit capacitive buttons, you can now mute or adjust your volume control with just a gentle touch or by sliding your fingers across it.

Surf freely

Be instantly connected wherever you roam with enhanced wireless capabilities and integrated wireless connectivity. With optional Bluetooth, file transfer between devices is now a breeze.

So be it your home or office, it has all the right qualities to be that desktop replacement you had been waiting for. Step forward and make your move now!

New era interface

Cool interfaces that help you streamline, manage and share information for quick and easy access. It's easier and faster to find, use, manage and share information on your PC or the web.

Overwhelm your senses

Shift your gaming, video streaming and multimedia experiences to the next level with NVIDIA® GeForce™ Go 6150 discrete graphics card. Use the omni-directional speakers for a crystal-clear conversation with your friend, colleague or loved one and, for the ultimate in listening pleasure, the Altec Lansing speakers will surpass all expectations.

Flexible transfer

File transfer from any external devices is now a total breeze with the Integrated 5-in-1 digital memory reader (xD, SD, MMC, Memory Stick and Memory Stick PRO). With a host of other ports just by the side, work and play are now a plug away!

True vision

Nothing can escape from sight with the bigger and more precise 15.4" widescreen high definition display that comes with optional BrightView Technology.

Maximum connections

Lift this beauty up to a comfortable height and get that maximum viewing pleasure with the optional HP xb3000 expansion base via a single cable. With multiple USB ports by the side of the base, you can now connect to a host of peripherals at an instant.
